Introduction:

Death Records from 1907-1960

Citation:

Washington State Death Certificate Index 1907-1960

Images for this title are unavailable. If you are interested in purchasing a certified copy of a death record from July 1, 1907 to 3 months before the present, please contact the Washington State Center for Health Statistics telephone contact: (360) 236-4313 or (360) 236-4312.

In 1891, a law was passed requiring the county auditors to keep a register of all births and deaths in their counties (prior to 1891 births and deaths were not regularly recorded in Washington). By 1907, it was recognized that a state-wide register was needed, so in 1907 a law was passed which required the State Board of Health to centralize all records of births and deaths within the state.
